

Chlorophytum

Green Orange[™]

A Hint of Vibrant Orange in a Green World!

- Minimal light requirements for growth.
- Its strong roots develop bulbs which fill with water and preserve minerals to allow the plant's survival during dry periods.
- Grows up to 14" out of soil.
- No seeding.
- Fast growing (12 weeks finishing time for 4" pots and 16 weeks finishing time for 6" pots).
- Great patio plant.
