

emerald goddess™

Rode Groundcovers proudly introduces Emerald goddess®

Developed over seven years by veteran horticulturist, Ron Love, this new liriopse variety has grown so successfully that it has been patented. 2 gallon containers available through authorized growers nationwide.

Emerald goddess® characteristics include:

Patent No. USPP 15,471

- Grows faster than Evergreen Giant
- Has superior resistance to common fungal and bacterial plant pathogens, including crown rot
- Has good drought and cold tolerance
- Remains dark green throughout winter
- Floral display has better intensity, height, uniformity and duration than other liriopse varieties

18 cell liners & bibs available through ForemostCo, Inc.

8457 Northwest 66th Street, Miami, Florida 33166
