

Foremost® Foliage

FROM OUR HYBRID DIEFFENBACHIA COLLECTION

NICOLE & NICOLETTE

- Suitable for 8", 10" or 12" pot production or larger.
- Lush green and yellow foliage characterize these larger leaved beautiful additions to your foliage mix.
- Create a dramatic accent when offset with other dark leaf foliage varieties in a mass planting.
- Great for commercial and residential applications.

ELY & MARY - Stunning Hybrids

- Suitable for 8" or 10" pot production.
- Colorful variegation when mature.
- Fast growing new cultivars of medium to large size.
- Good suckering ability.
- Strong leaves resist breaking and cracking.
