

WOODEN RACKS

Disposable One-Way Shippers

- We custom build these to each order using pre-manufactured parts.
- Available now for truck shipments – only a two rack minimum.

How Wood Racks Save You Money Over Boxes:

- ✓ lower packaging cost per unit
- ✓ more trays per ft³ = lower freight cost
- ✓ better air flow means plants arrive in better condition
- ✓ faster to load and unload
- ✓ no hassling with unpacking and disposal of boxes
- ✓ visibility – you can immediately see the condition of your entire order
- ✓ flexibility – plants can be stored on racks until your crew is ready to stick
- ✓ racks are sturdy enough to be re-used in your nursery or sent to retail
