

# AGAPANTHUS BABY PETE *PP21,705*

The FOREMOSTCO® family

[www.foremostco.com](http://www.foremostco.com)

# AGAPANTHUS BABY PETE *PP2I,705*

## GROW ZONE 8

Full Sun

Part Shade

Height 8 in.

Spread 16 in.

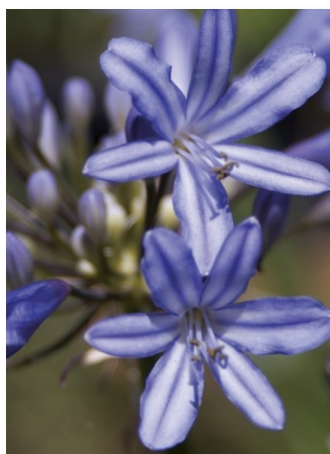

## Features:

- Low maintenance
- Drought tolerant
- Not been known to set seed, which has been a historical issue with Agapanthus

## Suggested Uses:

- Mass plantings
- Groundcover
- Edging along paths, driveways and other hard surfaces
- Brilliant bright container display

In full flower 'Baby Pete' extends to a maximum height of only 16-18 inches with a foliage height of only 8 inches.

## Available In:

- AIR LAYERS \_\_\_\_\_
- BARE CANE \_\_\_\_\_
- BARE ROOT
