

Sun Parasol® MANDEVILLA *Liners*

Produced for ForemostCo® by Sunfire Nurseries

The Giant Group

Has very large flowers with vigorous growth. This group is the best performer on a trellis, hoop or teepee since they are natural climbers. The flowering period is slightly later than the Original group, but runs parallel with many other plants.

GIANT MARBLED CRIMSON

GIANT PINK

GIANT WHITE

RED EMPEROR

The Original Group

Has a habit which is neat, upright, compact, with good basal branching and glossy foliage. This group is most suited to traditional pot plant production and has excellent garden performance.

Sun Parasol® MANDEVILLA *Liners*

Produced for ForemostCo® by Sunfire Nurseries

The Pretty Group

Is distinguished by its superior branching, shorter internodes, but still maintain vigorous growth. This group is the best performer on a trellis, hoop or teepee since they are natural climbers. They are also ideal for planting in small pots from 4-6 inches and as a hanging plant. There is no need for a support system in 4-6 inch pots. This group will bring added value to Sun Parasol® and will indicate high quality and standards. Ideally suited to the balcony patio and bedding segments.
