

Understanding

SUCCULENT Packaging

MINIMUM = 1 FULL BOX

Succulent A (4X100) | Succulent B (4X200)
Succulent C (4X375) | Succulent D (4X50)

4 means 1/4 of a box x the number that follows

A box can be divided amongst a maximum of 4 different genera/varieties.

Example 1

It can be also be filled with all the same material.

Example 2

Or it can be customized a bit more to further suit your needs!

Example 3

Easy as 1-2-3
